Cancer Treatment Communications is a new online only open access journal dedicated to publishing communications, case reports and other short form papers that report clinical research, improve clinical practice knowledge in oncology, or address the new...

### [Case Reports in Women's Health](#)

Case Reports in Women's Health publishes open access case reports covering all aspects of women's health. The scope reflects the comprehensive nature of women's health and includes not only the core areas of OBGYN, but also the key subspecialty areas. The...

### [Case Studies in Construction Materials](#)

Case Studies in Construction Materials provides a forum for the rapid publication of short, structured Case Studies on construction materials and related Short Communications, specialising in actual case studies involving real construction projects. It is...

### [Case Studies in Engineering Failure Analysis](#)

Case Studies in Engineering Failure Analysis provides a forum for the rapid publication of short, structured Case Studies in Engineering Failure Analysis and related Short Communications, and will provide an essential compendium of case studies for...

### [Case Studies in Fire Safety](#)

The concept of Case Studies in Fire Safety is to allow researchers and practicing fire safety engineers to present fresh ideas on the development of new fire science or application of fire research to actual projects, in a case study context. All papers...

### [Case Studies in Mechanical Systems and Signal Processing](#)

Case Studies in Mechanical Systems and Signal Processing provides a comprehensive and open-access platform for the dissemination of research outcomes that are usable in the industrial engineering practise across a variety of engineering disciplines. The ...

### [Case Studies in Nondestructive Testing and Evaluation](#)

Case Studies in Nondestructive Testing and Evaluation publishes short communications on novel research applications in all fields of Nondestructive Testing, Evaluation and Structural Health Monitoring. The focus of the journal is on Case Studies, where the ...

### [Case Studies in Structural Engineering](#)

Case Studies in Structural Engineering is an Open Access publication that provides a unique forum for sharing knowledge gained on real world projects,

solutions to real world problems, and research outputs that are practically-oriented. This journal seeks...

[Case Studies in Thermal Engineering](#)

Case Studies in Thermal Engineering provides a forum for the rapid publication of short, structured Case Studies in Thermal Engineering and related Short Communications. It provides an essential compendium of case studies for researchers and practitioners...

[Cell Reports](#)

Cell Reports is a new open-access, online-only journal from Cell Press. Cell Reports offers the quality, rigor, and visibility you would expect from Cell Press, combined with the convenience of open access. Cell Reports will publish high-quality papers ...

[Climate Risk Management](#)

Climate Risk Management publishes original scientific contributions, state-of-the-art reviews and reports of practical experience on all aspects of the production and use of climate and climate-related information in decision and policy making from the...

[Colloid and Interface Science Communications](#)

Colloid and Interface Science Communications provides a forum for the highest open access visibility and rapid publication of short initial reports on new fundamental concepts, research findings, and topical applications at the forefront of the...

[Computational and Structural Biotechnology Journal](#)

Visit the CSBJ website to find out more— <http://csbj.org/> Computational and Structural Biotechnology Journal (CSBJ) is an online journal publishing research articles and reviews after full peer review. All articles are published, without...

[Computational Condensed Matter](#)

The journal covers computational modeling of materials properties and phenomena, ranging from the synthesis, characterization and processing of materials, structures and devices to the numerical methodology of materials simulations. Please note, this ...

[Current Plant Biology](#)

Fundamental plant sciences is increasingly becoming a collaborative domain, with projects for example including physics, mathematics and chemistry. This is largely fuelled by the last decade's many technical advances, allowing for more discoveries but also...

[Current Therapeutic Research](#)

Current Therapeutic Research serves an international audience of scientists and clinicians in a variety of research, academic and clinical practice settings by quickly disseminating research findings. The journal provides a home for the rapid publication...

[Data in Brief](#)

Data in Brief provides a way for researchers to easily share and reuse each other's datasets by publishing data articles that: Thoroughly describe your data, facilitating reproducibility. Make your data, which is often buried in supplementary...

[Results in Immunology](#)

Results in Immunology is the new online only, open access journal covering all aspects of immunology . All papers published within the journal have been peer reviewed and evaluated on the basis of scientific soundness. The acceptance criteria - All...

[Results in Pharma Sciences](#)

Results in Pharma Sciences is an online-only, open access journal publishing peer reviewed research from all areas of pharmaceuticals and pharmaceutical sciences in academia and industry, including but not limited to pharmaceutical technology ,...

[Results in Physics](#)

Results in Physics is an open access journal offering authors the opportunity to publish in all fundamental and interdisciplinary areas of physics , materials science , and applied physics . Papers of a theoretical, computational, and experimental...

[Schizophrenia Research: Cognition](#)

Schizophrenia Research: Cognition is an international, peer-reviewed open access journal publishing articles on cognition in schizophrenia, broadly defined. The journal publishes original articles, concise research reports, brief reports, letters to the...

[Sensing and Bio-Sensing Research](#)

Sensing and Bio-Sensing Research is an open access journal devoted to research, design development and application of all bio-sensing and sensing technologies. The scope of Sensing and Bio-Sensing Research encompasses, but is not restricted to, the...

[SoftwareX](#)

SoftwareX aims to inform researchers about software applications, tools and libraries. The journal is multidisciplinary and accepts submissions from within and across subject domains such as those represented within the broad thematic areas below:...

[Stem Cell Reports](#)

Stem Cell Reports publishes high-quality, peer-reviewed research presenting conceptual or practical advances across the breadth of stem cell research and its applications to medicine. Our particular focus on shorter, single-point articles, timely...

[Stem Cell Research](#)

Stem Cell Research is dedicated to publishing high-quality manuscripts focusing on the biology and applications of stem cell research . Submissions to Stem Cell Research , may cover all aspects of stem cells , including embryonic stem cells,...

[Sustainable Materials and Technologies](#)

Sustainable Materials and Technologies (SM&T) is an international, cross-disciplinary and fully open access journal , published by Elsevier. SM&T publishes original full-length research articles and reviews in applied or fundamental science of...

[The Lancet Global Health](#)

Launched in June, 2013, The Lancet Global Health is a new open access, online title from The Lancet. This exciting new journal is dedicated to publishing high-quality original research, commentary, correspondence, and blogs on the following subjects as...

[Theoretical and Applied Mechanics Letters](#)

Sponsored by The Chinese Society of Theoretical and Applied Mechanics (CSTAM) and Institute of Mechanics, Chinese Academy of Sciences (IMCAS), the new journal Theoretical and Applied Mechanics Letters (TAML) will be produced in English bimonthly. TAML is...

[Toxicology Reports](#)

Toxicology Reports is dedicated to all aspects of toxicology research and clinical sciences. The journal strives to provide a forum for original research papers pertaining to, but not limited to, the following subjects: Adverse effects of xenobiotics on ...

[Translational Medicine Case Reports](#)

Translational Medicine Case Reports (TMCR) is an official publication of the European Society for Translational Medicine . TMCR is an online, open access , sister journal of the New Horizons in Translational Medicine (NHTM) . TMCR publishes high quality ...

[Translational Medicine in Diabetes, Lipids and Cardiovascular Prevention](#)

Translational Medicine in Diabetes, Lipids and Cardiovascular Prevention is an open-access journal focusing on the intersections between the fields of genetics, diabetes, obesity, and lipids including their translational impact for cardiovascular...

[Translational Oncology](#)

Translational Oncology publishes the results of novel research investigations which bridge the laboratory and clinical settings including risk assessment, cellular and molecular characterization, prevention, detection, diagnosis and treatment of human...

[Translational Proteomics](#)

Translational Proteomics covers all areas of human proteomics using multi-disciplinary approaches to untangle complex disease processes . Emphasis is placed on linking basic sciences to clinical research (from patient to bench to bedside). It focuses on ...

[Translational Research in Anatomy](#)

Translational Research in Anatomy is an international peer-reviewed and open access journal that publishes high-quality original papers. Focusing on translational research , the journal aims to disseminate the knowledge that is gained in the basic...

[Trials in Vaccinology](#)

Trials in Vaccinology is a new peer-reviewed online-only journal that will guarantee direct public access to the results of vaccine trials in humans and target animals, especially those of whose scientific novelty is not exceptional, and thus increase...

[Urology Case Reports](#)

Urology Case Reports is an open access journal dedicated to publishing case reports in all areas of adult and pediatric urology . Case reports must be authentic, understandable, educational, and clinically interesting to an international audience of...
